Affairs

List of Consultants

The list comprises consulting companies whose primary focus is Regulatory Affairs, Clinical Research, Quality Control or Compliance (GCP, GLP, GMP) for pharmaceuticals, biologics, veterinary drugs, medical devices, cosmetics, over-the-counter products, or natural health products. Companies are listed alphabetically by company name.

List of Acronyms:

DIN = Drug Identification Number
DMF = Drug Master File
GCP = Good Clinical Practice
GLP = Good Laboratory Practice
GMP = Good Manufacturing Practices
NHP = Natural Health Product
QA = Quality Assurance
QC = Quality Control
RA = Regulatory Affairs
SOP = Standard Operating Procedures

Notes:

Clinical Trials Research includes conduct of trials (Phases I-IV), bioanalytical, data management and statistical services.

GCP includes guidance on requirements, preparation of SOPs, conduct of audits and GCP training.

GLP includes guidance on requirements, preparation of SOPs, conduct of audits and GLP training.

GMP includes guidance on requirements, preparation of SOPs, conduct of audits and GMP training.

Product Development includes guidance on requirements for moving through the therapeutic product development process.

Quality Assurance/Quality Control (QA/QC) includes arranging appropriate product testing and release.

Product Development includes guidance on requirements for moving through the therapeutic product development process.

Association
