## List of Consultants

The list comprises consulting companies whose primary focus is Regulatory Affairs, Clinical Research, Quality Control or Compliance (GCP, GLP, GMP) for pharmaceuticals, biologics, veterinary drugs, medical devices, cosmetics, over-the-counter products, or natural health products. Companies are listed alphabetically by company name.

### List of Acronyms:

DIN = Drug Identification Number  
DMF = Drug Master File  
GCP = Good Clinical Practice  
GLP = Good Laboratory Practice  
GMP = Good Manufacturing Practices  
NHP = Natural Health Product  
QA = Quality Assurance  
QC = Quality Control  
RA = Regulatory Affairs  
SOP = Standard Operating Procedures

### Notes:

Clinical Trials Research includes conduct of trials (Phases I-IV), bioanalytical, data management and statistical services.

GCP includes guidance on requirements, preparation of SOPs, conduct of audits and GCP training.

GLP includes guidance on requirements, preparation of SOPs, conduct of audits and GLP training.

GMP includes guidance on requirements, preparation of SOPs, conduct of audits and GMP training.

**C**anadian  
**A**ssociation of  
**P**rofessional  
**R**egulatory  
**A**ffairs

Product Development includes guidance on requirements for moving through the therapeutic product development process.

Quality Assurance/Quality Control (QA/QC) includes arranging appropriate product testing and release.

Regulatory Affairs (RA) comprises review, assessment and preparation of appropriate regulatory documentation. Expertise in Clinical and/or Quality (chemistry and manufacturing) aspects is specified.

Toxicology includes nonclinical drug development and safety programs.

**Disclaimer:**

CAPRA / ACPR maintains this List of Consultants as a service to industry and to the regulatory authorities. The individual companies have provided the information on the list for presentation in a standard format. CAPRA / ACPR does not endorse any of the consultants on the list.
